

Beeswax Candle Cheat Sheet

You can make candles in a variety of shapes and sizes from a regular sheet of beeswax.

.....

2.5" and 3" Pillars

1. Start with a 16.5" x 8" sheet of beeswax.
2. Cut the sheet into three strips: two 16.5" x 2.5" strips and one 16.5" x 3" strip.

3. Place a wick along each short side, then roll up each candle.
4. Now you have two 1.25" x 2.5" candles and one 1.25" x 3" candle.

4" Medium Pillar

1. Start with a 16.5" x 8" sheet of beeswax.
2. Cut the sheet in half lengthwise.

3. Place a wick along the short side of one piece of beeswax, then roll to create a candle.

4. Place this candle on top of the other piece of beeswax and roll it up.

5. Now you have a 1.75" x 4" candle.

Two-Color Christmas Tree

1. Start with two 16.5" x 8" sheets of beeswax: one green and one chartreuse.
2. Cut each sheet in half lengthwise. Set aside 1 of each color.
3. Cut remaining pieces in half.

4. Cut each piece in half diagonally.
